Suggestions from students

1. Make the campus internet friendly. Project and screen are mandatory in the classroom for students to understand the lessons. Instead of black boards, the practice of smart board should be implemented in every class.
2. One day in a week there should be debate on various topics under the leadership of teachers.
3. Various creativity skills of students should be encouraged.
4. Require more departments in my collage
5. Canteen food prices should be reduced
6. College management should make sure that
7. There should be Clean and safe campus.
8. There should be Good infrastructures like new buildings, better road, garden etc...
