Overview of Research Activities

The research activities at NMSM Govt College Kalpetta are an integral part of the institution's commitment to academic excellence and intellectual growth. Over the recent years, the college has significantly expanded its research capabilities, focusing on fostering a research-oriented culture among faculty and students alike. This proactive approach has led to diverse research initiatives across various departments, underlining the institution's role in contributing to the knowledge economy. The emphasis on collaborative and interdisciplinary research projects has not only enhanced the learning environment but has also positioned the college as a hub for addressing complex regional and national issues through scholarly research.

Moreover, the college has strategically developed its research infrastructure to support and sustain the growing research demands. Investments in state-of-the-art facilities and resources have enabled faculty and students to pursue research at both fundamental and applied levels, leading to impactful outcomes. The establishment of research cells and centers of excellence further highlights the college's dedication to advancing scientific and scholarly pursuits. These initiatives have successfully attracted external funding, fostered international collaborations, and resulted in a notable increase in high-quality publications and PhD awardees. The research activities are aligned with the college's long-term academic strategy, which is geared towards nurturing a vibrant research ecosystem that contributes significantly to the academic community and societal development.

PhD Awardees (2019-2024)

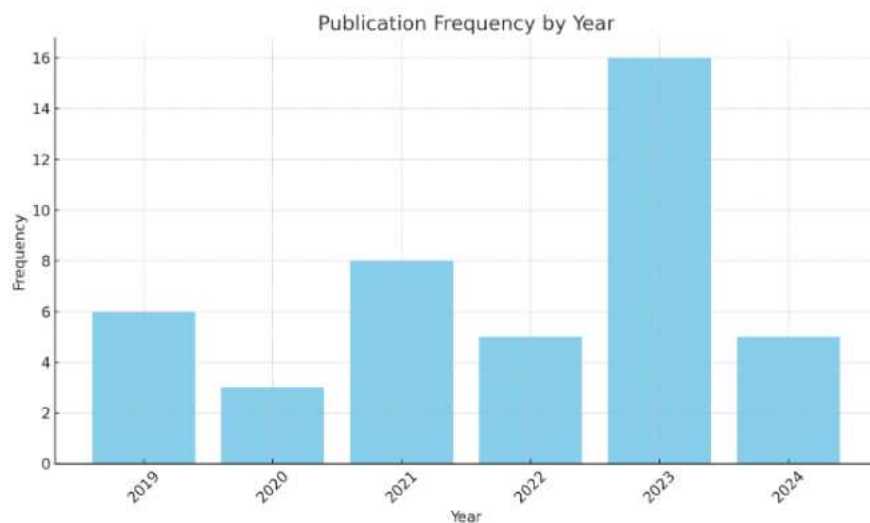

PhD Awardees (2019-2024)

S.No	Name	Year
1	Dr. Rajimol M.S.	2019
2	Dr. Abdul Salam K.	2019
3	Dr. Ashraff P.C.	2019
4	Dr. Vidya S.	2018
5	Dr. Namitha C.	2020
6	Dr. Baiju K.	2023
7	Dr. Rahul K.	2016
8	Dr. Anoop Thankachan K.	2021
9	Dr. Baisil P.	2020
10	Dr. Neeraja V.S.	2016
11	Dr. Krishnan Moothimodula	2022
12	Dr. Sinumol Thomas	2013
13	Dr. Syam Krishnan M.S.	2023
14	Dr. Shibu B.	2018
15	Dr. Jini Kuriaose	2020
16	Dr. Jaseela Thankikad	2022
17	Dr. Basheer K.K.	2023
18	Dr. Prathyush P.	2023

Seminars and Workshops.

NMSM Government College Kalpetta has actively conducted a wide range of workshops, seminars, and conferences over the last five years, focusing on research methodology, intellectual property rights (IPR), and entrepreneurship, among other topics. These events have not only enhanced academic discourse but also provided platforms for students and scholars to engage with contemporary issues in their respective fields.

In 2023-24, the college organized several high-profile events, including an **International Seminar on Digital Storytelling**, attracting 200 participants, and a **Workshop on Research Methodology** focused on both quantitative and qualitative research with 132 attendees. The institution also hosted an international seminar on "Pathways to Inclusive Growth," gathering 200 participants, and a three-day workshop on research methods and data analysis using AI in social sciences. Furthermore, in previous years (2022-23), the college focused on IPR with seminars such as "**The Role of Intellectual Property Rights in Protecting Creative Content in Film and Media**", attracting 96 attendees, and "**Awareness on IPR**".

These efforts reflect the college's commitment to fostering a research-oriented environment while promoting intellectual property literacy and entrepreneurial thinking among its academic community.

Research Infrastructure and Facilities

NMSM Government College Kalpetta offers a robust research environment, supported by an array of resources and facilities. The college is home to 6 recognized PhD guides, fostering advanced research across various disciplines. Additionally, 19 faculty members hold PhD qualifications, contributing significantly to the college's academic output. The Departments of Economics and Commerce have applied for research department status, further expanding the institution's research capabilities.

The college library plays a pivotal role in supporting research activities, boasting a collection of over 26,000 books. It also subscribes to a variety of national and international journals, providing faculty and students with access to essential research literature. These resources create an environment conducive to both academic inquiry and practical research.

Future Research Plans and Recommendations

NMSM Government College Kalpetta is committed to expanding its research footprint in the coming years. A key priority is the establishment of recognized research departments in Economics and Commerce, which will open new avenues for interdisciplinary research and collaboration. The college aims to increase the number of PhD guides and qualified faculty to further support advanced research. Enhancing the library's digital resources, including access to more online journals and databases, is also a focus area to support modern research needs. Additionally, the college encourages organizing more national and international seminars, workshops, and conferences, particularly in emerging research fields. It is recommended that further investments be made in research infrastructure, such as dedicated labs and collaborative platforms, to cultivate a more research-intensive academic culture.

Conclusion

NMSM Government College Kalpetta has made significant strides in building a strong foundation for research and academic excellence. With its existing pool of PhD guides, highly qualified faculty, and an extensive library collection, the college is well-equipped to support both faculty and student research endeavors. The future plans to establish recognized research departments and enhance research facilities demonstrate the institution's commitment to fostering a vibrant research culture. By continuing to invest in its infrastructure and encouraging interdisciplinary collaboration, the college is poised to become a leading center for research and innovation in the region.
